IMPORTANT HEALTH INFORMATION FOR YOU

Due to concern for your health and well-being, we recommend that you receive further evaluation related to COVID-19.

FREE COVID-19 SCREENING

Lehigh Valley Health Network (LVHN) has four free ways for you to receive screening for COVID-19 illness. You must be in the state of Pennsylvania to receive screening due to medical licensing regulations:

- **E-Visit:** A thorough questionnaire-based assessment that you complete on MyLVHN. Your information will be reviewed by an LVPG health care provider. Access E-Visit through MyLVHN.org or the MyLVHN app. **Learn more at LVHN.org/Evisit.**

- **COVID-19 Video Screening:** This is a new video screening that is accessed through the MyLVHN app. It differs from a Video Visit because COVID-19 Video Screening will not require an appointment. Those who sign up will be added to a virtual line and will see the next available LVHN health care provider.
  Learn more at **LVHN.org/videoscreening.**

- **Video Visit:** A secure, by-appointment video visit with an LVHN health care provider. Access a Video Visit through the MyLVHN app.
  Learn more at LVHN.org/videovisit.

- **Phone:** Call 888-402-LVHN (5846) for an over-the phone COVID-19 screening with a nurse.

Should you require further assessment after the screening E-Visit, telephone call or Video Visit, you will be directed to an LVHN COVID-19 Assess and Test location. They have been established to minimize our community's exposure to COVID-19. You must receive guidance via the call line, Video Visit, E-Visit or your doctor to be assessed and possibly tested. If you do not have insurance, you may receive a bill but you won't be required to pay.
